EXPERIENCE CUSTOM ART SUPERVISOR
Champro Sports
December 2016 - Present

- Oversee a team of 20 designers in the Dominican Republic
- Serve as the liaison between US states, Dominican Republic, Haiti, and India to assure orders are produced efficiently
- Monitor incoming projects and productivity of graphics team
- Perform yearly and monthly reviews for the design team in the US and Dominican Republic to determine potential raises, promotions, and critical meetings to improve individuals performances
- Screen, interview, and hire candidates for the Production Artist positions
- Teach incoming artists how to use Adobe CC to create mockups of garments and also teach the sublimation process
- Communicate daily with customers and sales representatives to create mockups of sports garments and equipment
- Reference mockups or renderings of garments and apply them to templates and send those files to print
- Monitor quality control (design, print, cut, sew) of garments and resend any necessary files needed when errors occur to ensure order timelines are not disrupted
- Use tech packs created by Apparel Manager and create new garment SKUs as well as troubleshoot printing for new garments to make sure they are ready for release
- Perform various internal design tasks for sales meetings and trade shows
- Take images of sports equipment and products to create renderings for sales reps and production to use for design and logo sizing and placement

GRAPHIC DESIGNER
Fuseneo, Inc
May 2016 - December 2016

- Communicated directly with big name companies for packaging design and presentations to introduce new packaging concepts to their company
- Managed multiple ongoing projects for print, web design, and packaging design
- Worked split shifts as a team when necessary to finish time sensitive projects
- Collaborated with a team of graphic and industrial designers to create mockups of packaging for a variety of products
- Created prototypes of packaging and met with clients to deliver packaging ideas
